## TAG AT CRAIG

The primary enrichment tools at Craig High School are the wide array of course offerings (including honors, acceleration options, and AP courses) and extra-curricular opportunities. In addition, I am a resource to colleagues, capable students, and their families. The advocate is another resource along with counselors, academic learning coach, and classroom teachers who assist capable students. In previous years, TAG students have participated in college campus tours and an 11th grade TAG leadership conference at UW-Whitewater. This year the Craig TAG program will be using email and website updating to disseminate information out to parents and families.

## ABOUT MRS. KANE

My name is Maria Kane and I serve as an art teacher at Craig High School and the Talented and Gifted (TAG) building coordinator. I am looking forward to being available to help support students, families, and staff. I understand that this year is going to be one of many firsts and am available to help as the need arises during this school year. I look forward to getting to know your students and continuing my work with them. If you have any questions or concerns, please feel free to contact me.
